SPACE 8-7050

**You're bound** to flip for Sparkeology's Cupcake. The delicious little stool's 15-inch-diameter seat can be upholstered in COM or a range of graded covers, including white vinyl. Underneath, the sturdy cold-rolled steel base may be powder-coated white, pewter, or black. Adding to the fun is the Tweet for a Treat sweepstakes. Just send a message to [twitter.com/sparkeology](https://twitter.com/sparkeology) before Wednesday, June 15, and you'll be automatically entered to win one. Even more satiating for hungry show-goers, Sparkeology is serving real cupcakes during NeoCon.
